It scares me if this important agreement approval on which we do not have the ability to make changes is simply left without Council Office support for quick approval. CCF has insisted on their standard form unless we want to go through their \$500 per hour customization process estimated to cost \$30,000. This is a place where we can avoid costs & delays. Do you think Mike Bonin could give this a push?

Hi Don,

Thanks for your message.

I thought I sent you an email where I stated I emailed Dave Weintraub 2x as a follow up. He's the planner that Charlie mentioned is the person to contact. Perhaps I just let Nate know. I didn't check my emails to verify the email I actually sent.

He was on vacation and usually so busy that it takes a while to get to him. He did call me and let me know that he's having the City Attorney look at the documents.

I'll check in again.

Sincerely,

Whitney
